3. SPECIFIC RESTRICTIONS

3.1 No building, residence, structure, fence or other improvement or any addition thereto or alteration thereof which is visible from the exterior of such improvement shall be erected, constructed, placed or maintained in, on or above the lots unless and until proper plans and specifications (together with an additional copy of such plans and specifications thereof for the permanent retention of the Declarant) showing all elevations and specifications thereof, setting forth all materials to be used with details of location and elevation thereof in relation to property lines and finished ground elevation have been submitted to and approved in writing by the Declarant.

3.2 The refusal or failure of the Declarant to give approval referred to in paragraph 3.1 herein shall not be actionable by any person under any circumstances, it being in the sole discretion of the Declarant to give or withhold such approval. Without restricting the foregoing, in considering whether or not to give the approval referred to in paragraph 3.1 herein, the Declarant shall have the right, but shall not be obligated, to refuse to grant such approval if it is contemplated by the plans and specifications submitted that:

- (a) any building, dwelling or other structure to be constructed, or maintained on any Lot is not in accordance with the Regional District of East Kootenay current building setback and building bylaw regulations.
- (b) any residence is to be constructed, placed or maintained on any Lot which contains an interior area which is less than one thousand two hundred (1200) square feet on the ground floor,

In the event the person submitting plans and specifications pursuant to paragraph 3.1 herein does not receive notice of approval within 40 days after receipt by the Declarant of such plans and specifications, such plans and specifications shall be deemed to be disapproved.
